DIVERSITY & INCLUSIVENESS: The ISF Financial Aid Program Sharing High Quality Education Promoting Diversity on Campus

ISF firmly believes in the accessibility of high quality education. Since the founding of The ISF Academy in 2003, more than 350 successful Financial Aid applications have allowed students from different backgrounds to join the Academy. To respect the privacy of each student and their family and to ensure that students from different backgrounds can seamlessly integrate into the ISF family, the identities of all Financial Aid recipients have been kept strictly confidential.

We aim to promote diversity in our student body and to create an inclusive learning environment. We have therefore set aside ample funds for the Financial Aid Program to encourage students from all backgrounds to apply to our schools. Families with children studying from Year One in the Pre-School to Grade 12 in the Academy are welcome to apply for the program. After considering various factors and the needs of the family, we may provide **20% to 100% school fee reduction** and different levels of reduction on Capital Contribution, Experiential Learning Program, overseas trips and other school costs. Please feel free to contact us for a thorough introduction of our Financial Aid Program.
