

Financial Aid Program

The Board of Governors of The Independent Schools Foundation is committed to creating a diverse student population at The ISF Academy. The Academy does not receive any financial support from the Government for its operating expenses. Thus, all costs relating to this Financial Aid Program come from donations and The Independent Schools Foundation. The information you provide allows us to allocate the funds and enables us to be accountable to the donors who have so generously given to help those in need. The ISF Academy welcomes families who truly need financial assistance to join our learning community.

As this program is separate and distinct from the Merit-Based Scholarship Programs, students who are awarded the Merit-Based Scholarship may also apply for Financial Aid.

SUMMARY OF THE PROGRAM

1. School Fees

Students who are successful in their application for Financial Aid are awarded a school fee reduction at different levels of remission, ranging from 20% to 100%, based on their family household income.

2. Capital Contribution

All students entering The ISF Academy are required to make capital contributions. Parents of Financial Aid recipients may elect for a one-time contribution or an annual payment (either a or b):

a) *One-time contribution: The General Capital Levy*

There is no remission offered for the General Capital Levy for successful Financial Aid applicants.

b) *Annual payment: The Annual Capital Levy*

Parents who are successful in receiving Financial Aid may receive a corresponding remission on their capital contribution.

3. Composition Fee and Other Fees

The Financial Aid Committee may consider the reduction of fees, such as the annual cost of books and stationary and student development programs, during the evaluation process if requested to do so by the applicant. Separate notification is given if applicable.

4. Co-Curricular Activities (CCA) Program and Experiential Learning Program (ELP) Fees

To encourage students under Financial Aid Program to acquire learning experiences in a holistic manner, the Financial Aid Committee has approved to extend Financial Aid to cover fees of the Co-Curricular Activities (CCA) Program and Experiential Learning Program (ELP) **starting from Monday, February 26, 2018**. For details of the extended coverage, please refer to the [Appendix](#).

5. Financial Situation

Financial Aid recipients are obliged to keep the Academy informed immediately should their family's financial situation improve. The ISF Academy also reviews the financial status of each recipient family periodically to determine the eligibility for on-going financial support.

ELIGIBILITY

Financial Aid is awarded on the basis of financial need of the applicant. The Financial Aid Committee of The ISF Academy has the sole discretion in awarding Financial Aid.

DEFINITION OF CRITERIA

1. **The family household income** includes worldwide income from all sources, such as:
 - Income from employment (including salaries, commissions, bonuses, education allowances, and housing allowances);
 - Income from investments (including interest and dividends);
 - Income from rental properties;
 - Income from business profits (or share of profits); and
 - Income from other sources (including alimony payments, inheritance, trust fund payments, pension payments, and cash receipts from relatives).
2. Full disclosure of **all assets owned by the family household** including:
