# WELCOME FROM THE DEAN OF ADMISSIONS

Dear Parents.

Thank you for your interest in our school. As you consider the different schooling options for your child, we invite you to explore our website, attend an e-chat online session with us, and visit our campus on one of our Open Days. The last has proved challenging during the current COVID-19 pandemic and we hope that the 2021-22 academic year will see a resumption of Open Days and student-led tours. The smiling faces and happy voices of our students will be one of the first things you notice. As you talk to them, you will learn more about their life in school, the subjects they study, and the activities they do. You will soon come to the realization that our students enjoy coming to school and love learning. This is very much what our founding Chairman and Nobel Prize Laureate for Physics Professor Charles Kao envisaged when he founded this school — a place that nurtures the joy of learning in our students. Our inquiry-based pedagogy allows us to prepare our students for the school of life.

Our students are known for their strong interpersonal skills and their effective communication skills in English and Chinese (Putonghua). In their final two years, our students study the International Baccalaureate Diploma (IB Diploma) with its broad and balanced curriculum. In addition to its academic rigor, our students have the opportunity to apply their knowledge and skills to community service, gaining valuable experience outside the academic world. In our relatively short history, we are proud of our graduates who have received offers from leading universities all around the world.

We are a through-train K-12 school that seeks diversity in our student body — racial, ethnic, religious, and above all socioeconomic diversity.

To find out more about the application process and prerequisites, please refer to our Admissions Policy and Procedure. We welcome inquiries from you and invite you to contact us at +852 2202 2028 or admissions@isf.edu.hk. We look forward to meeting you on campus.

Yours sincerely,

Ms. Jo-Ann Seow

for lungeons

Dean of Admissions

### **AGE REQUIREMENTS FOR 2022-23 ADMISSIONS**

Foundation Year and Grade 1 applicants need to meet the minimum age requirement for the grade applied. The age range for students in each grade is typically 16 months. For example, students applying for Grade 1 would be between 5 years 8 months to 7 years on August 31 in the year of entry.

Parents whose children are born between September 1 and December 31 have the option of applying for the lower grade, or the higher grade, or both grades. Based on the assessments and interviews, the child will be placed in the more appropriate grade. The school DOES NOT have a preference with regards to placing a child in a lower grade or a higher grade as the school seeks to place the child in the most appropriate grade level.

More leeway, age-wise, is permitted for students applying for Grade 2 and above.

### **SCHOOL BUS**

The school has appointed a bus company to provide transportation services for our students. Areas serviced include Hong Kong Island and parts of Kowloon. The school bus and escort (bus chaperon) fee is paid twice a year to the bus company and the fee paid depends on the route travelled. This bus service is a private arrangement between parents and the bus company. The company will typically notify parents of the confirmed bus pick-up and drop-off points and schedules around one week prior to the start of the school year.

As an indication, the table below shows the areas served by the dismissal buses for the 2021-22 academic year. The arrival routes are similar. Please note that the bus operator may modify the routes each year depending on the circumstances.

Additional dismissal bus services are also provided for Foundation Year students at 2:00 p.m. and for students participating in our optional Co-Curricular Activities Program which typically run from 3:30 p.m. to 4:30 p.m. on Mondays to Fridays.
